

Hockey workbook 2015 /2016

SALMING.
no nonsense.

PRODUCT LINE 2015 - 16

Salming Hockey should always try to touch and evoke both the user and the watcher of our ice hockey products. To be unique, to be able to touch users and the eye of the beholder innovation is key. It is from the innovativeness, we can lift our products to the next level of all icehockey products. This Season we have divided the products into three different lines, all with their own and authentic features. The intention is to provide the perfect choice for every player, please enjoy.

NXT

NEXT GENERATION HOCKEY

NXT VX 2.0

ONE PIECE STICK

SHAFT SHAPE

3RIBS
SYSTEM

Helps front and back legs at longer
reach and in close
impact resistance

WEIGHT: Sr. 430 g, Int. 420 g, Jr. 380 g

BLADE: TwinUltralight foam core blade

LENGHT: Snr 150cm / 59", Int 142cm / 56", Jr 132cm / 53"

FLEX: Snr 75, 85, 95, 105, Int. 65, Jr 52

CURVES: 11, 21, 48, 51, KOP, OV

GRIP: PROPLUS

A state of the art elite stick fully equiped with innovative technology. The VX2.0 stick is engineered to give you harder shots and better accuracy – no bs. **The WRTX**, the twisted part of the shaft, stands for an extra torsional stiffness that has been added in order to make the area below the twist work even harder. Thus creating a whip effect and releasing more power!
Blade features the new **3RIBS** system for durability and sharkskin finish for better puck control.

NXT VX 1.0

ONE PIECE STICK

SHAFT SHAPE

3RIBS
SYSTEM

Helps front and back legs at longer
reach and in close
impact resistance
