The Park

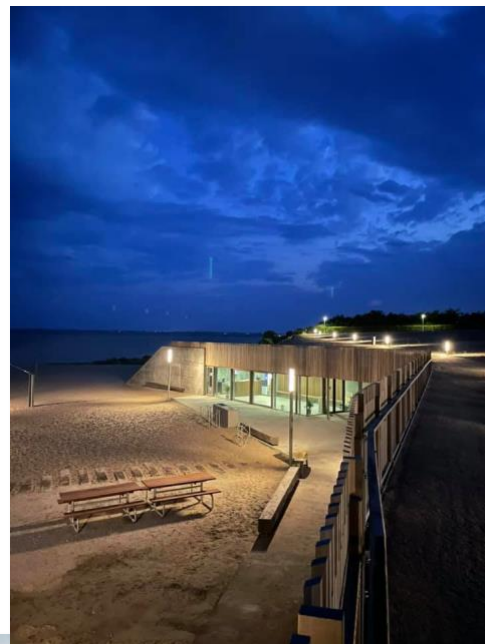

We can't wait to welcome you to our brand new 6-tower system here in Thy, Denmark. We are situated in the northwestern part of Denmark, and our region offers a vast amount outdoor activity.

With less than 15 km between the roaring western Sea and the mild Limfjord, both connected to a national park, we have it all. The surfers call the western sea Cold Hawaii because of the awesome waves that are created along the beautiful sandy coastline. Only difference between Hawaii and Thy, are the temperature of the water ----- hence the name Cold Hawaii.

We call the Limfjord – Cold Hawaii Inland. The Limfjord offers flat salty water, and of course a totally awesome cablepark situated in the middle of the city.

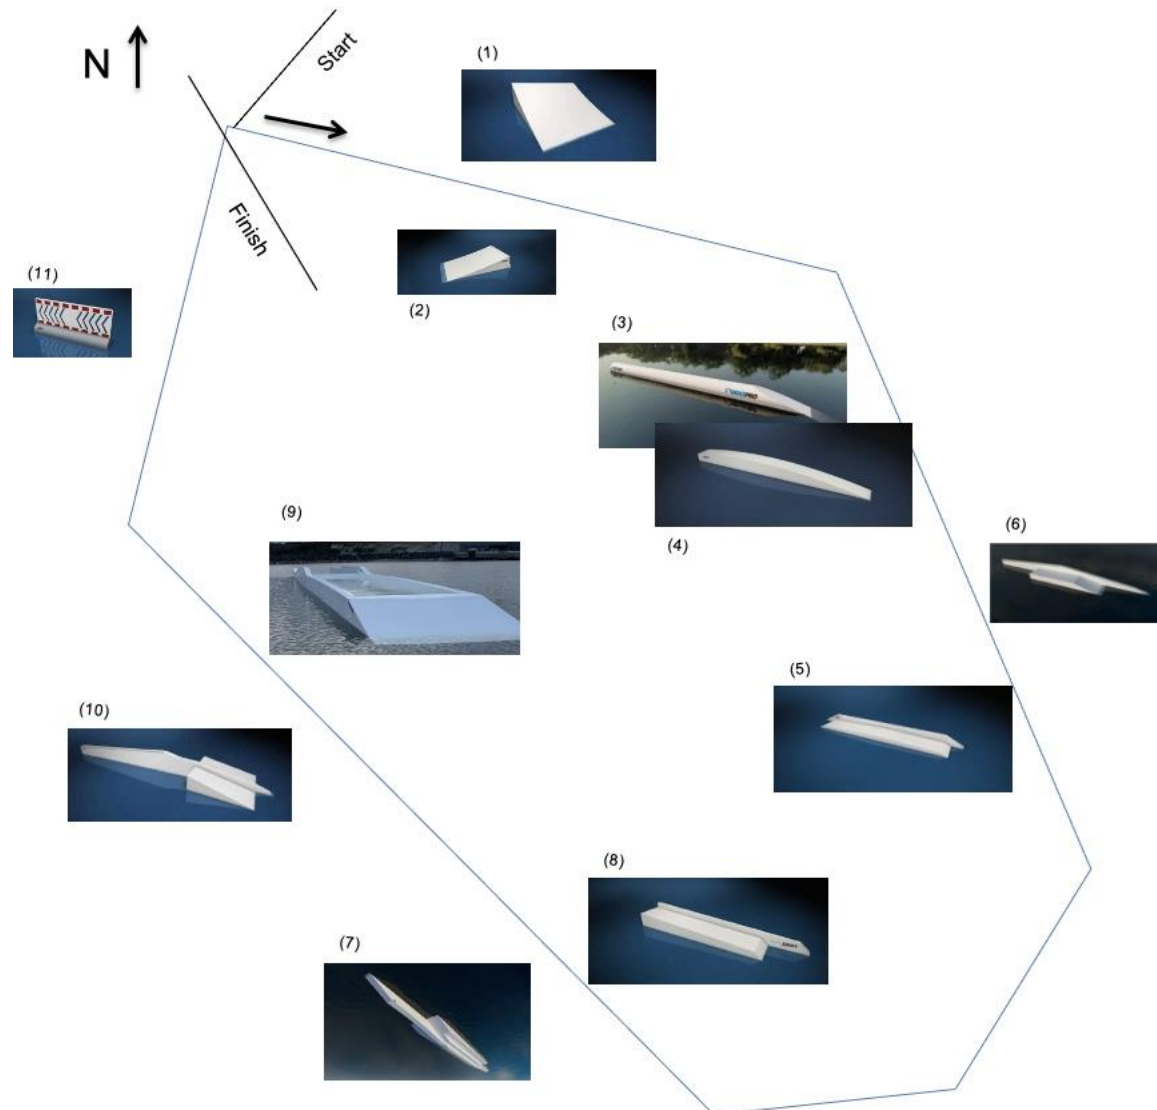

Thy Cablepark is a nonprofit fullsize cablepark. It is run by a board, and 23 volunteers.

We have stuffed the park with obstacles, ranged from custom obstacles to a pool gap (see pictures below or at www.thycablepark.dk)
