

Recovery day for the G17 Open EC

Thursday was the day of rest and recovering after three days with tough matches for the G17 EC teams. The preliminary groups are done and we are ready for the semifinals and the ranking matches.

With a day off in the middle of the tournament the players and leaders have a possibility to look at the city or maybe even go to the beach. This years FFD has been blessed with fine weather which made the day even more pleasant.

The coaches has time to adjust the tactics and prepare the team for the final matches.

We believe everybody liked, and have good use of this day, in a tournament like this. Recovery is as important as training and matches for top players. Hopefully we will be able to see this in the coming matches. If the ranking matches can reach the same level, or maybe even raise the quality of play, we can look forward to see some good and intense football in the last two days of the unofficial European Championship for under 17 players.
